Adam,

It looks like the last week of March could work for our folks. Are there particular days that work better for you that week (3/25-29)?

Also, aside from trading, what were some of the Central Valley projects you wanted to discuss? Want to have a sense of agenda so we can make sure to get the right people there.

Thanks,

Jamie Marincola

Hi Adam,

We'd love to meet with you in San Francisco. Jamie Marincola, our California workgroup lead, is going to reach out with some dates and help coordinate our agenda. I've cc'd him on this email.

Have a great weekend,

Thank you. We should meet to discuss how the concept might fit in on some of our upcoming Planning efforts (mercury TMDLs, pesticides control program). I'd really like to come down and meet with the EPA team again; and try and re-initiate discussions on overarching Central Valley projects.

Thanks Adam. I'm trying to find out exact time/agenda for the webinar- will let you know. Would be happy to discuss trading and other market-based implementation opportunities you are seeing in the CV at any time. The memo looks promising but is raising lots of Qs

Best
Dave
